Dear Owner:

The Home Improvement Commission and Board of Directors is asking for your input.

For this fiscal year, as planned by our reserve study and included in our budget, we are refreshing the hallways with new paint, carpet, wallpaper, and light fixtures. We have set up three mock floors: 55, 54, and 53. These floors were chosen because we already added new light fixtures on 55 as a result of the riser “upper loop” project.

We ask you to please visit these three floors and for you to indicate your 1st and 2nd choice with regard to the entire floor (paint, carpet, and wallpaper design as a package). Please “X” the appropriate boxes, print your name and unit number, sign, and return to the management office or doorman drop box no later than June 1st, 2023. If you own multiple units, then you may submit as many forms as you own units. Note that for 55, please do not consider the floor tile section from the service area to the north stairs as that is unique to the floor’s access to mechanical rooms.
