Client Access for Condo Certificate Generation Reference Sheet

It's easy to obtain a certificate of insurance for a condominium association's master insurance program.

Follow a few easy steps, and you can generate and print a certificate of insurance from your computer.

The new method of multi-factor authentication is being added to this site to increase security. Each individual will need to re-register in order to access this program and create a certificate of insurance. [Click here](#) for more information on multi-factor authentication.

Step 1

1 Site: <https://eviewcerts.alliant.com/condoLogin.jsp>

2 Click the link to Register

Alliant

CondoCerts Website

The CondoCerts website allows you to easily manage certificates for your company.

Login

Login Register

Multi-Factor Authentication (MFA) now required for all eView users. All eView users must first register with InsureID to access eView. For additional information: [Alliant Software IT Department](#)

- 3 Complete the information on the pop-up form
a. Password requirements

The 'Request Account' form contains the following fields: First Name*, Last Name*, E-Mail*, Phone*, Extension, Fax, New Password, and Confirm Password. At the bottom are 'OK' and 'Cancel' buttons.

- 4 You will receive a successfully registered message
Click **Login** for next steps

The 'Certificate Management Login' message states: 'Successfully registered, please login here'. A yellow box highlights the word 'login', and a blue arrow points to it. An 'OK' button is at the bottom right.

- 5 The OKTA login page will display
- a. Username: your email address entered on the previous screen
 - b. Password: enter the password entered on the previous screen
 - c. Click **Sign In**

- 6 The OKTA multi-factor authentication page will display
- a. Select the preferred option for the second authentication method and click **Setup**

- 7 Complete the additional information based on the option selected
- a. Example: selecting SMS authentication will ask for the number where the code will be sent
 - b. Once the option is completed, hit **Finish** and it will log you into the evview certificate program

The Okta SMS authentication setup screen shows a dropdown for 'United States', a 'Phone number' field with '+1 3125551212', and a 'Send code' button. A yellow box highlights the 'Phone number' field. A blue arrow points to the 'Send code' button. A 'Back to factor list' link is at the bottom.

The 'Set up multifactor authentication' page lists four options, each with a 'Setup' button:

- Okta Verify**: Use a push notification sent to the mobile app.
- Security Key or Biometric Authenticator**: Use a security key (USB or bluetooth) or a biometric authenticator (Windows Hello, Touch ID, etc.).
- Google Authenticator**: Enter single-use code from the mobile app.
- SMS Authentication**: Enter a single-use code sent to your mobile phone.

A blue arrow points from the 'SMS Authentication' option to the 'Send code' button in the previous screen.

Step 2

- 1 Once you are logged in to the system, enter the first few characters of the association name or address
- 2 Click on the association name when it appears in the list

Search for Association

Type the association name or address in the box below to search for your association.

Click on the name of your association to request a certificate.

☐	Association name here	Address here	Chicago	IL	60611

Step 3

- 1 Enter applicable information in the fields on the screen that are necessary for the certificate
 - a. A copy of the certificate will automatically be sent to the individual logged into the system, unless you deselect the option "Email this certificate to me (name@email.com)"
 - b. To add a new holder, start typing in the information or select the **New Holder** button
 - c. To select an existing holder, click the **Select Holder** button in the "Certificate Holder" section, and search by typing in the first part of the name of the holder. Select the holder when it appears, and it will prefill the holder information

Step 4

1 Click **Get Certificate**

- a. A preview of the certificate will show in the window, and the user and the email address in the "Certificate Holder" section will be emailed the certificate
 - The user can opt out of receiving a copy of the certificate
 - From the preview screen, the user can save or print from that window
- b. To get another certificate, click **Get Another Certificate** or **Associations** in the upper right

The Condo Team is always available to assist you with obtaining certificates of insurance.
